My Minimal Canva Project

Cover Page

Project Name: My Minimal Canva Project
Designed By: Remo V
Tools Used: Canva, GitHub
Date: December 2025

Project Overview

This project is designed using **minimal effects**, **manual alignment**, and **custom typography** in Canva. The goal is to maintain a **human-designed look** without AI-generated appearance.

Features

- Minimal shadows, glows, and 3D effects
- Flat colors and subtle gradients
- Custom fonts and manual spacing
- Clean and human-like composition

Preview

- Homepage, About Page, Contact Page (Screenshots exported from Canva)

Tools Used

- Canva
- GitHub

How to Use

1. Clone this repository.
2. Open the images in any viewer to see the design.
3. Feel free to use or modify for personal projects.
